

Careers in the last year at Pakefield High School

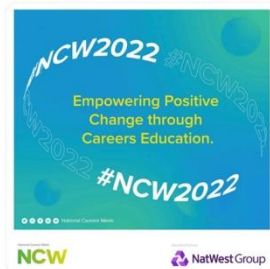

National Careers week 2022

National careers week, 7-12th

March 2021 saw careers 'take over' Pakefield. Miss Miles created 'do now' tasks for all lessons which helped inform pupils about the potential careers and relevant linked information to support their future ideas and ambitions. Careers also featured heavily during form time, where pupils complete two careers' surveys and learnt about the world of work and further education around them.

Pakefield School @Pa... · 07/03/2022 ...
This week our focus is all about careers! Students completed a survey today and we are looking forward to an assembly tomorrow with Miss Miles. All week, lessons will have a careers focus with useful information for all students!

Brilliant Club 2022

Pakefield School @P... · 03/05/2022 ...
A fantastic graduation trip to Emmanuel College, University of Cambridge. The students have been superb, thanks @BrilliantClub for this experience!

12 year 9 pupils and 2 year 10 had the opportunity to take part in The Scholars Programme, run by the Brilliant Club. They had the opportunity to undertake two university trips and work with a PhD tutor on a university style project; this year's

theme was *homelessness*. All pupils passed and 10 pupils achieved a 1st or a 2:1.

Pakefield School @Pa... · 26/04/2022 ...
We are so proud of this group of Year 9 students who have successfully completed The Brilliant Club Scholars Programme and received their feedback today; two students receiving a 1st award! @BrilliantClub

Norwich City Football Programme

Mr Herbert @MrHerb... · 18/05/2022 ...
Massive thank you to @NorwichCityCSF @aoifeinehan3 for today's visit to Carrow Road. The students had a brilliant time and can't wait for the next trip. The students were really well behaved. Well done and Thank you.
#PremierLeagueInspires #Aspirations

Norwich City CSF · 30/05/2022 ...
It was a pleasure to host you all! 🧡💚
@PakefieldSchool @TaverhamHigh @LynnGroveAc

Premier League Communities and Norwich Cit...

Norwich City CSF · 24/06/2022 ...
A big thank you to @PakefieldSchool, @cns_school, and @LynnGroveAc for joining us at @thenestcsf last week for our #PLInspires celebration event!

The students enjoyed multi-skills challenges focussed on togetherness and teamwork! 🧡

Premier League Communities

Premier League Inspires programme has been working with a small group of students to develop social and personal skills. The purpose of the programme is to also showcase potential different career paths in Sport, help schools keep pupils present and committed, provide opportunities, and improve wellbeing. At the end of the project, students get to visit the elite training facilities and match day experience. We are also working as a pilot school for 'The High Performance Podcast' programme. The podcast is delivered by Jake Humphries

and Damian Hughes, and they interview some of the biggest names in Sport, Business, Performing arts and other high performing individuals.

Year 7 Team Building Day

Year 7, in early September 2022, took part in an exceptional team building experience day run by East Norfolk 6th Form Centre. The day consisted of boat building, Lego creating and even an escape room. These activities helped to develop pupils' sense of 'team', problem solving and logical thinking; the day was a huge success.

Pakefield School @Pa... · 20/10/2022 ...
A huge thank you to @EastNorfolk for hosting our Y7 adventure morning, the students loved all aspects of the Lego, boat building and escape room! Y7 have been amazing so far this term, we are very proud of them all!

Key Stage 3 Media Masterclass

Pakefield School @Pak... · 17/11/2022 ...
We had a fantastic masterclass yesterday @EastNorfolk where students were engaged in using software to edit a short film from video clips. Our students behaviour was impeccable and they were such a credit to Pakefield, well done!

November 2022, pupils in years 7-9 had the opportunity to attend a Media masterclass at East Norfolk 6th Form Centre, led by staff from the college. This gave pupils first-hand experience of the type of

resources and software available at the college and a snapshot of what Media pupils study post-16.

Forensic Science taster session

November 2022, pupils in year 9 had the opportunity to take part in a 'live' crime scene which has been set up by students from Lowestoft 6th Form College (some of whom were ex-pupils of Pakefield High). Year 9 had to explore a variety of ways of collecting evidence to solve the crime scene effectively. This gave them a detailed insight into what a forensic science course involves and some of the key skills needed to undertake the course.

Pakefield School @Pak... · 10/11/2022 ...
A massive thank you to @L6FC for hosting a special Forensic Science event for some pupils in Y9 yesterday. The session was creative and very inspiring!
