

20th September 2024

Dear Parents and Carers

I hope you have had a good week, and are enjoying the return of some warmer weather.

A reminder that the school's Open Evening is next Wednesday, September 25th. School will finish at lunchtime with lessons ending at 12.20. At break time students who are entitled to free school meals can collect a packed lunch.

We are focusing on homework over the next few weeks, and I thank you for your support in ensuring young people are spending time consolidating their learning at home. Homework is set on Class Charts where you can easily see what tasks have been set for each lesson. 134 tasks have been set across the school this week to ensure students have every opportunity to fulfil their potential.

Our extra curricular activities programme launched this week – thank you not only to Mr Herbert and Mr Moore for getting the programme organised and shared, but also to staff who have led sessions on a wide variety of themes and topics. Some examples include comic book club, board games, debate club and karaoke club, along with a wide range of sporting opportunities. It is great to see the buzz around these opportunities!

With best wishes for the weekend!

Mr Dan Bagshaw

Head of School
